

The screenshot shows a web browser window with the URL `onlinegdb.com`. The browser's address bar and tabs are visible at the top. The main content area displays a C program in a dark-themed editor. The code is as follows:

```
1 #include <stdio.h>
2
3 int main()
4 {
5     int i = 10;
6
7     if (i%2==0){
8         printf("even");
9     } else {
10        printf("odd");
11    }
12
13    return 0;
14 }
15
```

Below the code editor, there is an 'input' field containing the value '10' and an 'output' field containing the text 'even'. At the bottom of the editor, a status message reads: '...Program finished with exit code 0. Press ENTER to exit console.'

The bottom of the image shows a Windows taskbar with various application icons and a system clock indicating the time is 03:24 on 2022/12/21.
